

**Sample Motion for Use by Congregations in the Greater Portland Area To Signify  
Interest in Ecumenical Solar Generation Project**

1 September 2019

We, (name of congregation and decision-making body), striving to be careful stewards of God's creation and frugal stewards of our financial resources, hereby signify our desire to purchase our electricity from the \_\_\_\_\_ *solar array* once that project is completed. We intend to do this as part of a Portland area ecumenical project. We reserve the right to withdraw from participation in this project for any reason before signing a future Power Purchase Agreement, and particularly if cost savings are not evident in this Agreement as it is eventually developed. This motion was approved by (decision making body) of (congregation) on (date).
